

Sought: traditional schooner in South Africa/African waters// Last two weeks of January 2012

We are looking for a traditional sail yacht/schooner of at least 30m length for a commercial shoot for the last two weeks of January in South Africa/African waters. Attached you find some reference pictures of the Marco Polo, the R. Tucker Hompson and the Soren Larson. We are searching for a boat that looks very much alike the R Tucker Thompson.

All of these beautiful yachts are of a minimum length of 30 meters and this is exactly what we are looking for. Same traditional style and about the same length, 30 meters.

Do you have such a beautiful boat or do know anyone or could you point me in the right direction that would be wonderful!

Some more details:

1-under the wooden construction is enough space on it's left so that at least 2 persons can easily

pass at the same time

2 – if you look at this picture below there where you see the bikes there would be space for a table. It seems that this boat has enough space for working

The commercial shoot is the last two weeks of January. If you please could forward this brief that would be wonderful. Please mail Odette@navigatorfilms.co.za or call +27214646620

With kind regards,

Odette Denijs
